

IMPROVED Corporate Finance – Vacancy: Corporate Finance Analyst

About IMPROVED Corporate Finance

IMPROVED, headquartered in Amsterdam, with a growing presence in the US and UK, is a premier corporate finance boutique focused on the global mid-market Technology, Energy and Mobility (“TEM”) sectors.

IMPROVED’s cross-border deal-making capabilities has seen the company execute transactions in 20+ countries across Europe, the US and Asia. The team consists of 20+ corporate finance and M&A professionals and is complemented by a team of industry experts with executive and board-level experience in businesses across the TEM sectors.

The team has advised entrepreneurs and industry leaders on landmark deals, including the merger agreement between, and NYSE listing of, Wallbox and Kensington II; the sale of ubitricity to Shell; the sale of United Wardrobe to Vinted; the sale of Etergo to Ola Electric, and the sale of One Fit to Urban Sport Club.

IMPROVED is expanding rapidly and is always on the hunt for the team's next, entrepreneurial, talented addition to join us. We have a competitive, yet collaborative culture. We advance our client’s interests through creative, entrepreneurial and out of the box strategies.

Our organisation consists of a young and dynamic team, partnered with seasoned industry experts with an extensive track record in and outside corporate finance. As a result, there is a vast opportunity to learn on the job and gain an unrivalled experience across our core-sectors of TEM.

About the position

As an Analyst at IMPROVED, you will be part of a highly dynamic team in a success orientated environment. In our tight-knit organisation, you will work closely with specialist dealmakers, partners and industry experts. You will get a high level of responsibility and be closely involved in the M&A processes from the start until we close the deal. Your tasks will include, the development of pitch documents, investment memoranda, market analysis, financial analysis, process management, and direct contact with clients and investors/buyers.

We take our team’s development seriously. As a result we have programmes in place that will help grow your skills through a combination of theoretical training and development, alongside real-life experience.

About you

For this position, we are looking for an analyst with a minimum of one year of relevant experience. A master’s degree in finance, economics, (technical)business, econometrics or another beta study with financial grounding is required. A strong passion for and interest in Technology, Energy and Mobility will be helpful.

We are looking for an ambitious, communicatively skilful, highly motivated and results-driven analyst. You are highly analytical, a team player, sincere, persistent and stress-resistant. You have numerical reasoning skills, but more importantly, you understand the relationship between data, strategy and execution. We are also looking for an individual with no 9 to 5 mentality, is fluent in English, and able to accelerate when called upon by our clients and wider team.

Are you a young M&A professional with relevant experience and a strong passion for Technology, Energy and Mobility?

Send your CV and cover letter to careers@improvedcf.com.
